ST. REGIS RESIDENT WINE EVENT FEATURING PAHLMMEYER WINES

Ms. Sandy Mandel &
Mr. Jayson Pahlmeyer

The March 14th Resident Wine Event with Pahlmeyer Wines held in the Residential Lobby was an enjoyable evening for our residents, VIP hotel guests as well as Ritz-Carlton residents!

With Ms. Sandy Mandel, Resident and Board Member at the helm of this kick-off event and many more to come for our Residents, these events will surely solidify the St. Regis as the Best Address.

Below, please find an article written by Ms. Sandy Mandel featured on www.Wear2Where.com:

Peek thru the keyhole. What emerges on the other side is your home (or room) at the luxurious St Regis Hotel and Residences. When the original St. Regis opened in New York in 1904 by John Jacob Aster IV, a new era of parties and pampering for the "social set" emerged. Purchased by Starwood Hotels & Resorts in 1999, this elegant brand continues to this day to epitomize the idea that when you stay at a St Regis you are staying in someone's private home. Imagine having a "residence" in exotic locations like Abu Dhabi, Mauritius, Bangkok & Bali or be closer to home in Deer Valley and Bal Harbour (to name just a few). Home never felt like this!

During the month of March, Residents enjoyed a cocktail event featuring Pahlmeyer wines, accompanied by hors d'oeuvres furnished by Michelin Star AME Restaurant with music supplied by Nicolas Bryce strumming flamenco on his 12 string guitar. Jayson Pahlmeyer not only stole the event with his generous donation of wine from his Pahlmeyer Winery but also with his jacket which everyone coveted. (Men & women alike!) Though the winery is not open to the public, you can become a preferred member of his wine club.

After the party everyone went into the hotel to feast on sushi at AME and cocktails in the bar. For the overindulged, Remède Spa is only an elevator ride away.

It is so easy to lose your head at the St Regis! What a way to go! Follow Wear2Where for more travel escapes.
